17. The method of Claim 7 wherein said modules are interference fitted together.

18. The method on Claim 8 wherein said modules are interference fitted together.

19. The method of Claim 7 in which said inner surfaces of said module directly contact the insulated portion of said component.

20. The method on Claim 8 in which said inner surfaces of said module directly contact the insulated portion of said component.

Remarks

The status of the claims, prior to the present amendment, is that Claims 1 to 4 and 7 to 8 are pending, with Claims 5, 6, 9 and 10 having been cancelled prior to the calculation of the filing fee. By the present Amendment, Claims 11 to 20 have been added.

Added Claims 11 to 20 are patterned after the aforementioned canceled claims as follows.
